

## Bulk Ranch Dressing Mix

I've made my own ranch dressing for years. Every now and again I buy it but we are never big fans of store bought. It can be a bit of a hassle to make it, especially as quick as we consume it. I decided to try and take my recipe and turn it into a dry seasoning mix that can easily be added to the rest of the ingredients. I did and it is great and so easy to make!

Here is the recipe I came up with...

## Bulk Ranch Dressing Mix

¼ cup onion powder  
2T garlic powder  
6T parsley  
1T dill weed  
2 ¼ t salt  
2 ¼ t seasoning salt  
¾ t pepper

Combine all ingredients in a bowl.

### **Add 1 (full) Tablespoon to...**

1 cup mayonnaise  
½ cup sour cream  
½ cup milk

The mix will fill a half pint canning jar. One batch of salad dressing will make approximately 2 cups of salad dressing..

If you would like to make this into ranch dip, just add only enough milk to make it a dip consistency.
